

INFORMATION SESSION
MARCH 29TH 2018
ILO - Technical Assistance

Mr. Alain Perras
Senior IT Consultant

One integrated Solution

- Why have we combined all components under a unique RFP?
 - We want to avoid suppliers pointing finger at each other when a problem occurs
 - For example
 - Data center implementation not finish on time
 - Response time is too high (over 2.5 sec at user end) reasons may be multiple:
 - » Server virtualization
 - » Bad connection
 - » Bad programming
 - » Poor implementation of security measures
 - One main supplier (consortium or prime contractor) is responsible.

Fixed price tender

- Comprehensive price list (commercial proposal form)
 - Deliverables list including mandatory, optional, yearly maintenance and operational support price
 - If the supplier leaves a blank field in the black bold outlined space, it will be considered as included in the grand total.
 - The awarded supplier must have the ability to deliver all the deliverables described in the TOR
 - SSB will approve and pay for each agreed deliverables as explain in the TOR

Commercial evaluation

- Commercial evaluation will be considered base on the total proposed price which includes all mandatory, optional, maintenance and operating support deliverables
- Upon the signing of the contract, SSB will procure all mandatory together with some other optional deliverables
- SSB gives itself the right to decide whether it will or will not procure optional deliverables up to the end of the second year

Proposal submission

- How to address the requirements
 - Please provide clear answer for each criteria (example TOR section 8.3)
 - When writing the proposal please follow the order of Qualitative Evaluation Criteria as described in the TOR (section 8)
 - Please indicate the exact number of months and years of relevant experience for each proposed human resources

Resources availability

- All the proposed supplier human resource must be working at SSB head quarter and sites according to the supplier's project timeline
- The key resources (e.g Project Manager) which are presented in the proposal must actually work for the SSB Information System project
- Replacing of key resource persons (without any substantive reasons) during the project timeline is not allowed

How SSB will provide answers

- Q&A procedure:
 - All question must be written and submitted to SSB email address ssbitsection@gmail.com
 - No answer will be provided over the phone or verbally
 - Will share every answer to all suppliers within **3 working days**
 - All questions and answers will be published on the MOLIP website www.mol.gov.mm
